## WELCOME TO SMALL SHIP CRUISING WITH ALBATROS EXPEDITIONS

Albatros Expeditions is part of the Albatros Group, a family-owned company with over 35 years of experience in global adventure travel.

All Albatros Group travel companies offer a true family company stability, care, and personal touch. We are keen to offer just that little extra that makes your travel experience unforgettable.

Since 1986, we at Albatros Travel Group have been successfully guiding our adventurous clients to the most remote regions on our planet. We have been pioneering many of the itineraries and offering trips to the most unique and pristine environments to people from all over the world.

As a Scandinavian company, we offer Nordic hospitality, quality, environmental, and safety standards.

We have a true passion for active exploration and continue bringing high quality measures in each voyage. Our team is often tracing routes on the map to bring forth new exciting destinations.

We aim to be the leader in the travel segments we operate in. We do this by owning, controlling, and managing our key assets like ships, hotels, and shore programs.

Throughout the following pages, we are pleased to introduce two of the most advanced ships in our fleet with their award-winning facilities and itineraries, Ocean Victory and Albatros. You might think our vessels look a little different that is because they are.

Our brand new vessels have taken passenger comfort and Nordic hospitality in polar cruising to the next level. Expedition cruising has never been more attainable yet sustainable.

Thank you for making us your Polar Expedition providers of choice.

- Your friends at Albatros Expeditions.

#### OUR FLEET -

### OCEAN VICTORY

#### ALL THE COMFORTS OF MODERN LUXURY

**CRUISING** - With a total of 93 comfortable and spacious staterooms for our guests, all with an unobstructed panoramic view of the ocean, most with their own balcony, two restaurants, a wellness area including a heated swimming pool, two jacuzzis, spa, an Albatros Nordic Bar and a modern lecture lounge, this ship truly caters for all the needs of today's explorers.

#### A VESSEL SPECIFICALLY DESIGNED TO

**OPTIMIZE THE EXPEDITION EXPERIENCE** – The patented X-bow offers a more comfortable sailing journey and helps to prevent passengers' discomforts, particularly when crossing the notorious Drake passage! It also helps to keep our speed and planned expedition schedule on rough seas. As a side benefit, the X-bow design means our guests are able to enjoy an unobstructed view when standing on the observation platforms, and ultimately bringing them closer to birds and wildlife.

#### **COMFORT CLASS MEANS LESS NOISE &**

**VIBRATION** – The Ocean Victory & Albatros are 'comfort class' certified vessels, meaning they operate with the industry's lowest noise and vibration levels.

#### ONE OF THE MOST ENVIRONMENTALLY

FRIENDLY VESSELS – Albatros Travel received its first sustainable travel award back in 1995, before most others even knew what 'sustainability in travel' meant. The Ocean Victory builds on Albatros Travel's history of innovation in sustainable travel. The vessels are also 'clean-ship-certified' and carry tier-3 compliant engines. Not only does this make them the least polluting engines in the world, but also results in lower emissions than traditional expedition vessels. The engines of both ships also only use light fuels (MGO).

#### OUR FLEET —

## OCEAN ALBATROS

#### ALL THE COMFORTS OF MODERN LUXURY

**CRUISING** - With a total of 94 comfortable and spacious staterooms for our guests, all with an unobstructed panoramic view of the ocean, most with their own balcony, two restaurants, a wellness area including a heated swimming pool, two jacuzzis, sauna and a spa, and multiple bars and a modern lecture lounge, this ship truly caters for all the needs of today's explorers.

#### OCEAN ALBATROS IN ANTARCTICA & THE

**ARCTIC FROM 2023** – Ocean Albatros, just like its sister vessel, Ocean Victory, is a revolutionary and stylish cruise ship that combines the advantages of a small expedition vessel with the stability and comfort of a larger cruise ship. With a maximum capacity of 169 passengers, this compact design ship offers an intimate atmosphere with great personal ser-

vice featuring a 1:8 guide-to-guest ratio - one of the best in our industry. It is easy to get around without any crowds and waiting lines, but at the same time, this vessel offers the stability and smooth ride of a bigger ship with all the luxury comforts of today.

THE TECHNICAL DETAILS - With the highest Polar code 6 and Ice class 1A, Ocean Victory & Albatros are the ideal vessels for small-ship expedition cruising due to their sturdy construction and X-Bow®- Infinity class. It provides high stability in rough weather and allows for the smoothest movements on high waves, aand a Solas classification including all 'Safe Return to Port' safety features. The vessels are part of a brand-new generation of low-energy vessels, with four diesel and two electro engines, all controlled electronically to optimize speed and fuel consumption.

#### — OUR FACILITIES —

## SUITES & STATEROOMS

#### **LUXURIOUS CABINS**

With nine different types of modern, exclusive cabins, all with unobstructed views of the pristine landscape, exploring the polar regions has never been so enjoyable. Disconnect from your daily life and be submerged in an otherworldly environment of comfort, lushness, and magnificence.

Our cabins are designed for ultimate comfort and luxury and cater to all guests, regardless of whether they are travelling solo or with friends and family.

"Ocean Victory and Albatros are purpose-built expedition ships with focus on the outside experience, featuring large windows in all public areas as well as cabins. The interior designs are light and pleasing with darker contrasting accents and are specifically designed to bring adventure seekers comfortably to their many exotic destinations."

- Tomas Tillberg, Managing partner at Tillberg Design & Associates

#### **EXCLUSIVE SUITE SERVICES\***

- · Unlimited access to specialty restaurant on Deck 8
- · Minibar replenished daily
- · Free laundry
- · Free pressing
- · Free boot cleaning service
- · Daily canapés served in room
- · Upgraded amenities: hair/lotion products
- · Unobstructed panoramic view in all cabins

\*Only Premium Category and A & B suites

#### OUR FACILITIES -

## SERVICE & WELLNESS

### ENJOY A TREATMENT AT THE POLAR SPA AFTER TRAINING IN THE GYM WITH A VIEW OF THE ICY LANDSCAPE... A FEAST FOR YOUR EYES AND BODY.

After an unforgettable expedition during the day, our guests can relax in the heated swimming pool and two jacuzzis. Alternatively, they can enjoy being pampered in the Polar Spa with some unique Albatros-only treatments, like a Midnight Sun or a Fire and Ice Massage.

For the active explorer, we offer a fully equipped gym with some of the best views in the industry, meanwhile shoppers can enjoy the Albatros Boutique.

Throughout the expedition, a selection of lectures, screenings and activities will keep your brain interested and entertained.

Of course, onboard, we have several bars and a large selection of drinks, featuring wine tasting menus developed in partnership with French wine producer and expert Gerard Bertrand - a leader in producing biodynamic farmed wines.

#### **BARS & SPECIALITY RESTAURANT**

The Nordic Lounge brings warm Nordic hospitality to the Arctic and Antarctic. Offering a large choice of drinks, including wine-tasting menus from Gerard Bertrand, this is the perfect place to relax after an unforgettable day and make new friends... or like we say in Denmark: *Hygge*.

Our speciality restaurant on Deck 8 features unforgettable views and a unique way of food preparation - on lava stone.

#### —— OUR FACILITIES —

## LOUNGES & RELAXATION

**OBSERVATION LOUNGES** – Celebrate the dream polar adventure, engage in conversation and relax while admiring the icy landscape of the polar regions. At our Nordic Observation Lounge, we aim to create a fun and enjoyable atmosphere with varied cocktails and drinks, appetizers and small events.

**LIBRARIES** – Honoring the great explorers, the lecture room allows for an adventure within an adventure. Here you can find sagas, narratives and practical information on the polar regions, in various languages and subjects. From encyclopedias of the polar wildlife and fauna to narrations of the many challenges faced by the first expeditions, this is the perfect location for entertaining your brain while we sail.

**OBSERVATION DECKS** are essential to an optimal expedition experience. Ocean Victory and Albatros offer plenty of observation space, mostly completely unobstructed, for the best views of the polar landscapes.

Our vessels provide an unbeatable expedition experience with rapid zodiac loading arrangements and fantastic observation areas, including unique hydraulic platforms and abundant observation deck space. Guests can also enjoy the magnificent Deck 9 viewing platform and front location hydraulic observation platforms.

These give our guests better, closer, and entirely un-

obstructed views of icebergs, birds, and whales, bringing them closer to the majesty of pristine nature.

These unique features will make the Infinity class vessels stand out from any other expedition ships. The combination of zero-speed stabilizers, dynamic positioning ("virtual anchoring"), and 5 zodiac loading platforms mean that our guests can be in their zodiacs faster than any other ship of comparable size.

Not only will guests have more time to enjoy exploring off the ship, but also we can react faster to unexpected wildlife encounters.

#### OUR FACILITIES -

### A FEAST FOR YOUR SENSES

OUR CAREFULLY DESIGNED MENU IS CURATED FOR THE BEST DINING EXPERIENCE, WITH A FOCUS ON FRESHNESS AND DIVERSITY.

Onboard Ocean Victory and Albatros, you will find kitchen professionals and chefs who take great pride in bringing gastronomic experiences to keep your tastebuds satisfied.

When the first explorers began their undertakings, they had little choice and even less variety in their nourishment options. Dining at the some of the remotest parts of the world was not a delicacy, but a duty necessary for survival. Luckily for us, today is another story. Meals are served in our bright and spacious restaurants, surrounded by wonderful views.

Dinner always starts with delicious hot soups, cold cuts and crisp, fresh salads. Several choices of entrées are offered each evening. To accommodate different tastes and dietary requirements, guests can choose from a selection of meat, fish and vegetarian options.

After dinner, freshly prepared desserts, including shipmade ice cream or cakes... A great way to end a meal and satisfy any sweet tooth!

"Ocean Victory & Albatros boasts exciting new gastronomic delights, a top deck panorama 'lava rock' restaurant, where our guests enjoy a delicious, healthy, nutritious and sensational tasting experience cooked directly at their table, as well as degustation wine-tasting menus featuring Gerard Bertrand wines".

- Greg Carter, Chief Commercial Officer, Albatros Expeditions

#### ACTIVITIES —

## EXPEDITION EXPERIENCE

#### **ACTIVITIES ON BOARD**

Onboard the vessel, excitement continues through a series of activities that will keep your brain and body entertained. From a visit to the captain's bridge, a slideshow presentation at the end of each voyage featuring the best-of picks of our photographer's shoots, interactive activites (e.g. knot-tying, art workshops), as well as welcome and farewell cocktails

#### **LECTURES & WORKSHOPS**

We are passionate about the world around us and our onboard lectures form an essential part of Albatros Expeditions' voyages. The Polar Regions are vulnerable to the growing number of visitors and we therefore offer a broad range of enrichment lectures and workshops so our guests not only have transformative experiences but also learn about relevant topics such as wildlife, environment and history, navigation, photography, geology, glaciology, culture and much more!

#### **ZODIAC CRUISES**

Zodiac boats are not only used for shuttling guests to/from land. Zodiac cruising is a great way to venture out and get even closer to some of the magnificent sights during your voyage. It is also great for wildlife spotting and for taking in the dramatic sights from up close. The Zodiac boats are perfect for cruising around in the Polar Regions, giving you the chance to see the world from a new and spellbinding point of view.

#### **POLAR PLUNGE**

Most of our adventure-seeking guests look forward to the Polar Plunge onboard our expedition cruises.

Imagine jumping into the freezing waters surrounded by the icebergs of the Polar regions for a refreshing sensation. It's a guaranteed once-ina-lifetime experience. For those who take the plunge, you will receive a certificate as a souvenir to remember your achievement.

#### ACTIVITIES

### OPTIONAL

#### **PHOTO PROGRAM**

We always have a dedicated expedition photographer onboard to document the voyage and share their passion for photography through lectures and during landings and zodiac cruises. The Polar Regions are filled with mesmerizing landscapes and amazing wildlife, and our expedition photographer is available to help elevate your photography and beautifully capture the moments of your voyage. Please note: Additional fees apply.

#### **KAYAKING**

Glide through the waters and take in the views of the surrounding icebergs and marine-life. You will be supported by our kayaking guides who will ensure your safety during the outing, weather permitting, of course. Please note: Additional fees apply.

#### ICE SHEET CAMPING

Cuddled up in a warm, snug and weatherproof sleeping bag, listening to the sounds of distant whale blows, penguins' squeaks and shifting icebergs, Antarctic Open Air Camping with Albatros Expeditions is truly a memorable experience. Once we decide on the location within the set perimeter, you will level out your own spot in the snow, fix the base cover, insulated pad, and warm sleeping bag, and get ready for a night like no other.

Please note: Additional fees apply.

#### **SNOWSHOEING/HIKING**

Soak up the fresh air and incredible Polar landscapes whilst exploring on foot. These guided hikes are perfect for those wanting to be surrounded by nature. Expect to cross streams, navigate uneven and rocky terrains and/or hilly areas — the views will take your breath away. Snowshoeing is an activity that allows you to hike across soft, powdery snow, reaching unique vantage points without the hassle of sinking into deep snow. Please note that this activity is only possible sometimes, weather permitting.

Please note: Additional fees apply.

#### OUR CSR —

### RESPONSIBILITY

AT ALBATROS EXPEDITIONS, WE RECOGNIZE OUR RESPONSIBILITY TO CONTRIBUTE POSITIVELY TO SOCIAL, ENVIRONMENTAL, AND ECONOMICALLY SUSTAINABLE DEVELOPMENT.

WE WILL COMPLY WITH ALL APPLICABLE LAWS REGARDING HUMAN RIGHTS, THE ENVIRONMENT, AND CORRUPTION, AND APPLY INTERNATIONALLY RECOGNIZED PRINCIPLES WHEN LOCAL LAWS AND REGULATIONS SET LOWER STANDARDS.

Sustainability and eco-tourism have always been important aspects of the Albatros Travel Group identity. Our ship, Ocean Victory was built with consideration towards the environment and has the lowest carbon emission per passenger in the expedition cruise industry. From 2023, our environmentally-friendly fleet will be further enhanced with a sister ship, the Ocean Albatros.

#### **PEOPLE**

Albatros Expeditions commits to avoiding the infringement on human rights and to addressing any adverse human rights impacts which Albatros Expeditions may cause directly or indirectly. Albatros Expeditions supports human rights through the spreading of knowledge about human rights and cultural diversity which promote understanding and peaceful coexistence.

#### **PLANET**

Albatros Expeditions commits to minimizing its negative environmental impact and contributing positively to environmental diversity and sustainability.

#### **PROFIT**

Albatros Expeditions commits to working against corruption in all its forms. Albatros Expeditions strives to maximize the economic benefit of its operations for locals at its destinations.

The above commitments are elaborated in our human rights, environmental and anti-corruption policies and further specified in our operational policies.

Albatros Expeditions will develop and improve its due diligence processes to identify, prevent and account for any adverse impacts on human rights, environment and anti-corruption directly linked to its operations.

#### **ORGANIZATIONS**

Albatros Expeditions is proud to be a supporting and active member of both the Association of Arctic Expedition Cruise Operators (AECO) and the International Association of Antarctica Tour Operators (IAATO).

These two member organizations exist to advocate and promote the practice of safe and environmentally responsible private-sector travel to the Polar Regions. Members challenge each other to do better and have minimal impact on these fragile environments.

OUR CSR —

## GIVING BACK TO OUR PLANET

ON OUR ALBATROS EXPEDITION CRUISES, WE HAVE A PROGRAM OF ONBOARD FUNDRAISING TO PROJECTS THAT HAVE A GLOBAL AND LOCAL POSITIVE IMPACT ON THE AREAS WE OPERATE. THIS PROGRAM INCLUDES RAFFLES, AUCTIONS AND DONATIONS.

#### THE MAWSON'S HUTS FOUNDATION

The foundation exists to conserve the historic huts in Antarctica. In addition, it also seeks to inspire and educate children and young adults about the Antarctic sciences.

#### **PLASTIC CHANGE**

PC is an environmental organization that focuses on the effects of plastic pollution and consumption of single-use plastics. They have contributed greatly in getting this on the political and public agenda, partly through their accreditation to the UN Environment Assembly.

#### **SOUTH GEORGIA HERITAGE TRUST**

Albatros Expeditions collaborates with SGHT to assist efforts of preserving their unique wildlife, historical heritage and create international awareness. In September 2021, we donated a voyage on Ocean Victory for a SGHT auction.

#### **OCEAN YOUTH ACADEMY**

OYA's mission is to provide a sustainable model of education that connects youth with the ocean and the wonders of our natural world. Their ocean science curriculum incorporates nationwide science standards to give students the opportunity to learn about, connect with, and conserve our planet's oceans.

#### **HAPPYWHALE**

HappyWhale engages citizen scientists to identify individual marine mammals for fun and for science. They use state-of-the-art image processing algorithms to match whale photos with scientific collections. This newly developed efficiency now makes global whale tracking more possible than ever.

# ANTARCTICA

# An experience like nowhere else on Earth

AN EXTRAORDINARY ADVENTURE TO THE SOUTHERNMOST PART OF THE WORLD BRINGS FORTH COLOSSAL ICEBERGS, UNBELIEVABLE SEASCAPES, AND THE UNPREDICTABLE NATURE THAT POLAR EXPLORERS SPENT THEIR LIVES TRYING TO CONQUER.

AN ICY WONDERLAND at the end of the world, which for many centuries wasn't explored and became the subject of admiration and obsession of the first world expeditioners, Antarctica only acquired its official name in the 1800s, a Romanized version of its Greek title, which actually means 'opposite to the North'.

For some experienced travelers, Antarctica is the crème de la crème when it comes to exploring the world, not just because of its remote location, its difficult access and challenging temperatures, but also because it is the only non-inhabited continent in our planet (apart from a small research station, even now when some other areas are over populated).

Antarctica has no indigenous population and there is no evidence that it was seen by humans until the 19th century. The many expeditions aiming to be the first to reach the South Pole in the 1900s provide us with stories of survival and wondrous adventures worthy of high acclaim in the history books

Although this vast stretch of the planet remains the stuff of distant dreams for many, its mysterious nature is reachable due to the reduction in sea ice during the summer months, which our strong, ice-classed expedition vessels, Ocean Victory and Albatros can easily maneuver, ensuring we get close to the dramatic coastlines.

Zodiac cruising and shore landings are an important and considerable part of the planned itinerary, enabling all expedition guests to set foot several times on the Antarctic continent, as well as the many surrounding sub-Antarctic islands.

Can you visualize the splendor of the coldest continent appearing before your eyes? With its mighty tabular icebergs, it is a sight like no other. Not only will we cross the unbelievable Drake Passage, but we will also have the opportu-

nity to witness the white shimmer of Antarctica looming on our horizon, the presence of wildlife multiplying by tens of thousands with many species of lively penguins, inquisitive seals, nesting birds and the spray of marine mammals. The sub-Antarctic and Antarctic islands are a nature photographer's paradise.

Antarctica's beauty exceeds everything imaginable. Vastly different from the Arctic, 98% of the Great White Continent is covered in ice with glaciers, smooth ice-sheet and glaciated mountains with volcanoes. Crisp white icebergs and deep blue seas, flank the barren, rocky coastlines, which are home to moss, lichens, liverworts and even two small flowering plants – the Antarctic pearl wart and Antarctic hair grass. The sub-Antarctic islands and Falklands have tundra-like landscapes.

Due to the harsh climate, there are no terrestrial mammals, yet a plethora of wildlife still call Antarctica home – at least in the warmer summer months when temperatures hover just above freezing! The prolific birdlife, penguin colonies and marine mammals, such as whales, porpoises and seals, provide rewarding wildlife observation.

There will typically be crisp, autumn-like weather in Patagonia and the Falkland Islands, and near-freezing temperatures on the Antarctic Peninsula. Antarctica is a frozen desert where winds shape the surface of snow and ice, and average annual precipitation is only 10cm.

When Ocean Victory and Albatros return to Tierra del Fuego and Ushuaia, we pass close to the mythical Cape Horn - the southernmost point of South America; a celebrated maritime landmark. By the time you return home from this remarkable journey, your perspective of our planet will have changed forever, and we are certain the sights and experiences of this trip will find a special place in your heart.

## SOUTH SHETLAND ISLANDS & ANTARCTIC PENINSULA

- $\cdot$  10-day cruise with accommodation in a shared double cabin with private facilities
- · All Zodiac landings and excursions as per itinerary
- · Expedition parka
- · Rubber boots on loan basis
- · English-speaking expedition team
- · Guiding and lectures by our expedition leader and team
- Full board on the ship breakfast, lunch and dinner
- · Free tea, coffee and afternoon snacks
- · Port and authority fees and taxes

**DEPARTING FROM USHUAIA** in Argentina, we cross the mighty Drake Passage en-route for the South Shetland Islands, making Zodiac landings at penguin rookeries, research stations and fascinating lookouts along the way. Continuing southward, deep into the inlets of Antarctica, we pass the famous Gerlache Strait, where 3000-ft ice cliffs rise straight out of the still water. On no other journey can you experience so much pristine nature and varied wildlife in so few days!

When our vessels return to Tierra del Fuego and Ushuaia, we pass close to the mythical Cape Horn - the southernmost point of South America; a celebrated maritime landmark.

Any voyage to Antarctica is an adventure, but with a maximum capacity of 174 guests aboard Ocean Victory & Albatros, this cruise offers a unique experience for the few. Shore landings, excursions, lectures and whale safaris are easily accommodated to help you enjoy a matchless expedition experience.

### **HIGHLIGHTS**

- · Visit the Antarctic South Shetland Islands
- · Explore the Antarctic Peninsula
- $\cdot$  Top wildlife destination in the world with penguins, seals, whales and albatrosses
- · Icebergs and glaciated mountains
- · Many Zodiac excursions and landings
- $\cdot$  Strong expedition ship that enables access to remote areas
- · Onboard activities while at sea
- · Lectures, photo workshops and wildlife spotting

**EXPERIENCE THE INCREDIBLE** wildlife in icy waters, stunning mountain scenery and gigantic icebergs during 11 action-packed days. Departing Ushuaia in Argentina, we cross the mighty Drake Passage on our way to the South Shetland Islands, where we plan to make our first Zodiac landing.

From here we navigate the South Shetland Islands and the Antarctic Peninsula. We plan to make landings at penguin rookeries, research stations and fascinating sights that allow us to enjoy the spectacular views. Continuing eastward, we will explore the Antarctic Sound with its mighty tabular icebergs and enter the Weddell Sea in search for wildlife.

On our way back, we plan to follow in Ernest Shackleton and rest of the Endurance crew's wake as we navigate close to Elephant Island. On no other journey can you experience so much pristine nature and varied wildlife in so few days!

#### **INCLUSIONS**

- 11-day cruise with accommodation in a shared double cabin with private facilities
- · All Zodiac landings and excursions as per itinerary
- · Expedition parka
- · Rubber boots on loan basis
- · English-speaking expedition team
- · Guiding and lectures by our expedition leader and team
- · Full board on the ship breakfast, lunch and dinner
- · Free tea, coffee and afternoon snacks
- · Port and authority fees and taxes

**ARGENTINA** 

- · Includes the South Shetland Islands
- · Explore the Antarctic Peninsula
- · Visit an area few humans have ever seen
- · Navigate into as much of the Weddell Sea's remote nature as possible
- · Real expedition, where shifting ice decides our route
- · Unique wildlife destination with penguins, seals, whales and birdlife
- · Giant tabular icebergs and glaciated mountains

## ANTARCTICA, SOUTH GEORGIA & FALKLANDS ISLANDS

**HIGHLIGHTS** 

- · Visit Port Stanley and Falkland Islands
- · Top wildlife destination in the world with penguins, seals, albatrosses and lots of whales
- · Icebergs and glaciated mountains with volcanoes
- · Many Zodiac excursions and landings
- · Small expedition ship that enables access to remote areas
- · Onboard activities while at sea lectures, quiz nights, workshops and wildlife spotting

**ON THIS EXTRAORDINARY 18-DAY VOYAGE**, follow in the wake of courageous explorer, Sir Ernest Shackleton to Antarctica and the South Shetlands before heading via Antarctic Sound, Weddell Sea and Elephant Island to South Georgia.

We will explore the Antarctic Sound with its mighty tabular icebergs and enter the Weddell Sea in search for Adelie and Emperor penguins. Sailing onwards between South Georgia and Elephant Island offers a small glimpse into the passage made famous by Shackleton 100 years ago, when he navigated the 1300km course through open seas of the Drake Passage in an effort to save his stranded crew. Active research stations, former whaling stations and a visit to Shackleton's final resting place are on our agenda. South Georgia is also home to the world's largest rookery of king penguins.

The sub-Antarctic and Antarctic islands are a nature photographer's paradise and we will attempt as many shore landings as possible per day, weather conditions permitting, bringing you close to Antarctica's beauty.

#### **INCLUSIONS**

- $\cdot$  18-day cruise with accommodation in a shared double cabin featuring suite facilities
- · All Zodiac landings and excursions as per itinerary
- · Expedition parka
- · Rubber boot loan basis
- · Guiding and lectures by our expedition leader and team
- · English-speaking expedition team
- · Full board on the ship breakfast, lunch, dinner, snacks
- · Free tea and coffee 24 hours daily
- · Transfer to the airport in Ushuaia on disembarkation
- · Taxes

**ON THIS 11-DAY INSPIRING CRUISE,** we explore the Great White Continent's magnificent landscapes, glacial mountains, and incredible wildlife before reaching 66°33" – the Antarctic Circle.

As our voyage begins, we pilot through the calm, gunmetal grey waters and sloping glaciers of the Beagle Channel. Turning southward, our journey begins in earnest, and we enter the Drake Passage.

In the Drake, the excitement builds as Antarctic wildlife comes into view. These nutrient rich waters lure a wealth of seabirds, albatrosses, and several species of whales. Weather permitting, we catch our first sight of seals and penguins!

With widen eyes, we will weave through the South Shetland Islands, a pearly necklace of glistering, ice-covered islands and dormant volcanoes. Numerous Zodiac excursions and landings are likely. We are constantly on the lookout for whales, sea lions, elephant seals and an unbelievable amount of sea birds and penguins.

#### **INCLUSIONS**

- $\cdot$  11-day cruise with accommodation in a shared double cabin featuring suite facilities
- · All Zodiac landings and excursions as per itinerary
- · Expedition parka
- · Rubber boot loan basis
- · Guiding and lectures by our expedition leader and team
- · English-speaking expedition team
- · Full board on the ship breakfast, lunch, dinner, snacks
- · Free tea and coffee 24 hours daily
- · Transfer to the airport in Ushuaia on disembarkation
- · Taxes

#### **HIGHLIGHTS**

- · Reaching the 66°33" the Antarctic Circle
- · Top wildlife destination in the world with penguins, seals, albatrosses and lots of whales
- · Icebergs and glaciated mountains with volcanoes
- Many Zodiac excursions and landings
- · Small expedition ship that enables access to remote areas
- · Onboard activities while at sea lectures, quiz nights, workshops and wildlife spotting

## SOUTH SHETLAND ISLANDS, ANTARCTICA - CROSSING CIRCLE

## GIANTS OF THE SOUTHERN OCEAN: WHALE VOYAGE

### **INCLUSIONS**

- · 9-day cruise with accommodation in a shared double cabin, featuring suite facilities
- · All Zodiac landings and excursions as per itinerary
- · Expedition parka
- · Rubber boot loan basis
- $\cdot$  Guiding and lectures by our expedition leader and team
- · English-speaking expedition team
- Full board on the ship breakfast, lunch, dinner, snacks
- · Free tea and coffee 24 hours daily
- Transfer to the airport in Ushuaia on disembarkation
- $\cdot$  Taxes

THIS IS OUR FANTASTIC 9-DAY sunset voyage to the Great White Continent. Experience incredible whales, stunning mountain sceneries and gigantic icebergs in action-packed days on what we like to call a true expedition.

Once we hit mid to late March, we end our season with a truly unique experience. These shorter days with magical sunsets allow us to explore the isolated Antarctica more or less by ourselves, as the peace settles in. We do expect plentiful company in the form of humpback whales as their numbers peak in this part of the season. Wildlife is the highlight of a mid to late March trip as pictures of whales, seals, birds and penguins fill our SD memory cards.

Departing Ushuaia in Argentina, we cross the mighty Drake Passage en route for the South Shetland Islands, making Zodiac landings at fascinating places along the way. Taking our time to soak in all the beauty of these astonishing landscapes, we deploy kayaks and arrange hikes to get as close to the nature as possible.

#### **HIGHLIGHTS**

- · Visit the Antarctic South Shetland Islands
- · Explore the Antarctic Peninsula
- Top wildlife destination in the world with penguins, seals, whales and albatrosses
- · Icebergs and glaciated mountains
- · Many Zodiac excursions and landings
- · Strong expedition ship that enables access to remote areas

**ON THIS 12-DAY ULTIMATE ANTARCTICA** cruise, we explore the Great White Continent's magnificent landscapes, glacial mountains, and incredible wildlife. This adventure is unique since we have NO SET ITINERARY, which makes this a true exploration voyage.

As our voyage begins, we pilot through the calm, gunmetal grey waters and sloping glaciers of the Beagle Channel. Turning southward, our journey begins in earnest, and we enter the Drake Passage. A body of water that marks the intersection of the cold Antarctic with the warmer Atlantic and Pacific Oceans, the Drake Passage is known for rollicking conditions and strong westerly winds, called the Roaring Fifties. While this passage may be challenging, you can rest confidently aboard our expedition vessel, Ocean Victory/Albatros, which is purpose-built with stabilizers, powerful engines, and the patented reclining bow, ensuring stability and comfort in rough seas. The most spirited sailors consider the Drake Passage a lifetime achievement, and you will complete the crossing twice!

#### **INCLUSIONS**

- · 12-day cruise with accommodation in a shared double cabin featuring suite facilities
- · All Zodiac landings and excursions as per itinerary
- · Expedition parka
- · Rubber boot loan basis
- · Guiding and lectures by our expedition leader and team
- · English-speaking expedition team
- $\cdot$  Full board on the ship breakfast, lunch, dinner, snacks
- $\cdot$  Free tea and coffee 24 hours daily
- · Transfer to the airport in Ushuaia on disembarkation
- Taxes

#### **HIGHLIGHTS**

- · Reaching the 66°33′ the Antarctic Circle
- · Top wildlife destination in the world with penguins, seals, albatrosses and lots of whales
- · Icebergs and glaciated mountains with volcanoes
- · Many Zodiac excursions and landings
- · Small expedition ship that enables access to remote areas
- $\cdot$  Onboard activities while at sea lectures, quiz nights, workshops and wildlife spotting

## THE ULTIMATE ANTARCTICA EXPERIENCE

## THE EPIC ANTARCTICA & SOUTH GEORGIA ADVENTURE

#### **INCLUSIONS**

- 18-day cruise with accommodation in a shared double cabin featuring suite facilities
- $\cdot$  All Zodiac landings and excursions as per itinerary
- · Expedition parka
- · Rubber boot loan basis
- $\cdot$  Guiding and lectures by our expedition leader and team
- $\cdot$  English-speaking expedition team
- Full board on the ship breakfast, lunch, dinner, snacks
- $\cdot$  Free tea and coffee 24 hours daily
- · Transfer to the airport in Ushuaia on disembarkation
- · Taxes

**ON THIS EPIC 18-DAY VOYAGE**, we explore the South Shetlands and the Antarctic continent before heading via the Antarctic Sound and Weddell Sea for an extended South Georgia visit. The adventure ends in the Uruguayan capital of Montevideo, on board Ocean Albatros.

Departing from Ushuaia in Argentina, we cross the mighty Drake Passage en route for the South Shetland Islands and the Antarctic peninsula. Here we will make Zodiac landings at penguin rookeries, research stations and fascinating lookouts.

Sailing onwards between Elephant Island and South Georgia offers a small glimpse into the passage made famous by Shackleton 100 years ago, when he navigated the 1300 km course through open seas of the Drake Passage in an effort to save his stranded crew. South Georgia is one of world's greatest natural wonders. Wildlife-packed beaches, active research stations, former whaling stations and a visit to Shackleton's final resting place are on our agenda. This trip has an extended South Georgia itinerary, allowing us to see more than usual.

On our last leg we sail to Montevideo, the capital of Uruguay, allowing for easier flights onwards in South America or returning home. The last seadays can be spend bird watching from the top deck and attending lectures, workshops and photo re-caps in one of the ship's lounges.

#### **HIGHLIGHTS**

- · Visit Port Stanley and Falkland Islands
- $\cdot$  Top wildlife destination in the world with penguins, seals, albatrosses and lots of whales
- · Icebergs and glaciated mountains with volcanoes
- · Many Zodiac excursions and landings
- · Small expedition ship that enables access to remote areas
- Onboard activities while at sea lectures, quiz nights, workshops and wildlife spotting

# THEARCTIC

In search of the perfect Arctic Experience...

HAVE YOU ALWAYS DREAMED OF VISITING THE POLAR REGIONS? IF YOU'RE TOYING WITH THE IDEA OF FOLLOWING IN THE STEPS OF THE FIRST EXPLORERS AND FINALLY VISITING THESE REMOTE, SPELLBINDING LOCATIONS, WE WILL HELP YOU DECIDE WHERE TO GO.

UNFORGETTABLE LANDSCAPES, pristine air conditions, close sightings of Nordic wildlife such as polar bears, arctic foxes and seals, or the opportunity to witness the magnificent beauty of a glacier in all its splendor, are only some of the reasons why someone would dream of visiting the Arctic.

Other reasons to visit, often listed by our guests, include the dream of seeing one of the most remote areas of the world, witnessing the current state of the Nordic regions, its species and wildlife and how they are adapting to the constant changes of the planet, learning about the history and exploring the rich and diverse culture of the North, and of course, seeing the northern lights.

Whatever list of reasons you are considering for visiting the Arctic, here at Albatros Expeditions we are happy to help you design your perfect adventure. Our team of experts in the field is often researching and developing its routes, programs and activities, to ensure we provide each of our guests with the dream holiday you will always look back on fondly.

Our Arctic expedition cruises touch three fascinating islands: Greenland – an enormous 2,175,600 km² island where 80% is an ice sheet fringed by fjords, Svalbard – an archipelago known for its large population of polar bears, and Iceland – an island of magnificent natural phenomena, featuring Reykjavik's exciting mini-metropolis.

From whale sightings to bird watching, the Arctic wildlife can truly be admired from so many different vantage points. Our expedition cruise from Reykjavík to Kangerlussuag will allow you to experience Iceland's geysers, an immensity of impressive land and sea scapes, the ever-present Northern fulmar sea bird, and a multitude of otherwise inaccessible settlements in both Iceland and Greenland, with modern Inuit communities.

From around April to August, the summer's midnight sun bathes Greenland, Svalbard and Iceland in sunlight, increasing the average daily temperatures to comfortable, crisp conditions. If your journey continues to Oslo or Copenhagen, expect warmer days with a mixture of sunshine, rain and refreshing breezes.

During the short summer, wildlife such as reindeer are busy amassing energy for the icy polar winter. These are excellent months to visit if you enjoy photography and activities such as fishing and hiking.

But what if your dream is to follow the footsteps of the first explorers and visit the remote North of the world?

We also offer an early summer's cruise from the green islands of Scotland and North Atlantic to the Arctic islands of Jan Mayen and Svalbard. We will go north together with the migrating birds, and hopefully spot polar bears hunting from the sea ice in 24-hours of daylight.

We hope that these pointers have helped you visualize where to set sail to on your next journey. Whichever location you visit will be a remarkable memory you'll forever cherish, and who knows, maybe keep you coming back for more Arctic experiences.

## SVALBARD - THE LAST STOP BEFORE THE NORTH POLE

**ENJOY THE IMMENSE BEAUTY** of Svalbard on this Arctic adventure cruise among whales, walruses, polar bears and millions of sea birds. Experience high summer in the Arctic with Ocean Albatros.

One of the goals of this Albatros expedition is to sail as close as possible to the pack ice north of Svalbard - the polar bear's favorite summer residence. How far north we reach and the exact route up there will depend on the ice conditions. Additionally, we will visit several of the amazing locations along the west coast of Svalbard, all kept navigable by the warm Gulf Stream.

During the short summer, wildlife such as reindeer and polar foxes are busy amassing energy for the icy polar winter. The cliffs shimmer with life as every surface is populated with countless birds, and in a few months a new generation of arctic sea birds are ready to leave their nests. Arctic guillemots, black guillemots and razorbills can be observed fishing in the wake of our ship. On several shores, the huge walruses enjoy the short Arctic summer as well as many whales and seals foraging along the edge of the pack ice and the coasts.

- · Reach 80° north when we cruise towards Sjuøyane, close to the pack ice
- · Cruise close to the spectacular Alkefjellet and witness a miracle of nature with hundreds of thousands of birds
- · Experience the polar desert landscape at Torrelnesset
- $\cdot$  See whales, walruses, seabirds, and other fantastic wildlife up close
- · Excellent chances of seeing polar bears as well as their main prey, seals
- $\cdot$  Zodiac cruises in the fjords and nature walk on the tundra

#### **INCLUSIONS**

- · Charter flight Oslo-Longyearbyen-Oslo (round trip)
- $\cdot$  8-days/7-nights' cruise on Ocean Albatros in shared double cabins
- · English-speaking expedition team
- · Information briefings and lectures by expedition team
- · Guided walk in Ny Ålesund
- · Nature hikes and Zodiac cruises as per itinerary (conditions permitting).
- · Local transportation in Longyearbyen, including short city sightseeing
- · Full board, incl. free coffee, tea, water and afternoon snacks
- · Taxes, tariffs and AECO fees
- · Special photo workshop
- · Welcome and farewell cocktails
- Digital visual journal link after voyage, including voyage log, gallery, species list and more

- · Circumnavigate Spitsbergen Island spectacular landings in secluded Arctic location
- · See whales, walruses, seabirds and other amazing wildlife up close
- $\cdot$  Very good chances of seeing polar bears as well as their main prey, seals
- · Zodiac cruises in the fjords and nature walks on the tundra
- $\cdot$  Sail aboard one of the world's only ice class expedition ships built to meet the North Pole pack ice

#### **INCLUSIONS**

- · Charter flight Oslo-Longyearbyen-Oslo (round trip)
- $\cdot$  10-day/9-nights' cruise with Ocean Albatros in a shared outside double room
- · English-speaking Expedition Team
- · Nature hikes and Zodiac cruises per itinerary
- · Guided walk in Ny Ålesund
- · Information briefings and lectures by Expedition Team
- · Full board on ship, incl. free coffee, tea and afternoon snacks
- · Taxes, tariffs and AECO fees
- · Special photo workshop, Welcome and farewell cocktails
- · Digital visual journal link after voyage, including voyage log, gallery, species list and more!

#### THE GOAL OF THIS ALBATROS EXPEDITION

voyage is to circumnavigate Svalbard, a bucket list item for any keen Arctic traveler!

During the adventure we will enjoy the immense beauty of Svalbard on a high Arctic voyage among whales, walruses, polar bears, and millions of sea birds. We approach the polar bear's favorite summer residence, as we cruise to 80 degrees north, getting as close as possible to the pack ice north of Svalbard. How far north we reach, and the exact route will depend on the ice conditions, but fortunately many amazing locations along the coasts of Svalbard's islands are kept navigable by the warm Gulf Stream.

Onboard our brand-new vessel, Ocean Albatros, you will experience areas of Svalbard not easily accessible otherwise, as we circumnavigate Spitsbergen to reach the seldom visited places in Hinlopen Strait as well as Edgeøya and the secluded fjords of Bellsund and Hornsund in the far south.

Our Zodiac expedition boats allow us to venture closer to shore and make landings along the spectacular coastlines.

## THE FOUR ARCTIC ISLANDS

THIS EPIC JOURNEY combining the four islands of Spitsbergen, Jan Mayen, Greenland, and Iceland showcases the uniqueness and splendour of the Arctic nature.

Onboard our brand-new vessel, Ocean Albatros, we venture out of Longyearbyen aiming for the northeast corner of Spitsbergen. As well as make Zodiac landings, we hope to get close to the pack ice coming down from the North Pole - the favourite hunting ground for polar bears.

On our way to Greenland, we will cruise along the pack ice before continuing to the enigmatic Jan Mayen Island. From here it is onwards to Ittoqqortoormiit (Scoresbysund) and the deep fascinating fjord system. We will be crossing the Denmark Strait to the capitol of Iceland, Reykjavik, before disembarking right in the city centre.

Enjoy the immense beauty of the Arctic on this adventure cruise among whales, walruses, polar bears, and millions of sea birds. Experience high summer in the Arctic with Ocean Albatros - one of the few iceclass expedition ships built to withstand the North Pole's pack ice.

- · Experience four vastly different Arctic islands
- · The remote island of Jan Mayen
- · Ittoggortoormiit, remote Inuit town in East Greenland
- · Delve far into Scoresbysund, the world's greatest fjord system
- · Zodiac cruises in the fjords and nature walks on the tundra
- $\cdot$  Very good chances of seeing polar bears as well as their main prey, seals

#### **INCLUSIONS**

- $\cdot$  11-day/10-night cruise with Ocean Albatros in shared exterior double stateroom with bathroom/toilet
- · Charter flight Oslo-Longyearbyen (oneway)
- · English-speaking expedition team
- · Nature hikes and Zodiac cruises as per itinerary, when conditions permit
- · Guided walk in Longyearbyen and Ny Ålesund and Ittiggortoormiit
- · Information briefings and lectures by expedition team
- $\cdot$  Full board on ship, inlcuding free coffee, tea and afternoon snacks on the ship
- · Taxes, tariffs and AECO fees
- · Guiding and lectures by our experienced expedition leader and team
- · Special photo workshop
- · Welcome and farewell cocktails
- · Digital visual journal link after voyage, including voyage log, gallery, species list and more!

#### **HIGHLIGHTS**

- · Calving glaciers of East Greenland, Eqip Sermia & Ilulissat
- · Cruising through Prince Christian Sound
- · Qassiarsuk, with replicas of Eric the Red's dwellings and church
- · Visit Ilulissat, nicknamed the `Iceberg Capital of the World' & UNESCOprotected Icefjord
- · Arctic wildlife with whale and bird watching.

#### **INCLUSIONS**

- · 11-day/10-night cruise on Ocean Albatros in a shared outside double room.
- · Flight Kangerlussuaq Iceland/Denmark (oneway)
- · English-speaking expedition staff
- $\cdot$  Guided walks in all towns and settlements
- · Zodiacs cruises in fjords
- · Information briefings and lectures by expedition team
- $\cdot$  Full board on the ship, incl. free coffee, tea, and afternoon snacks on the ship
- · Taxes, tariffs and AECO fees
- · Digital visual journal link after voyage including voyage log, gallery, species list and more!

Reykjavík to Kangerlussuaq, following the same maritime course set by Norse settlers over a thousand years ago. Our vessel will be the brand-new Ocean Albatros. Just as Eric the Red on his voyage from Iceland, we will experience the stark contrast from the lofty and glaciated East Coast to the green, fertile West Greenland. A fact that prompted him to call his new home "Greenland". Our first call is the natural wonder, Fjord of Skjoldungen in southeast Greenland. Prince Christians Sound leads us safely from the rugged east coast through 100 km of mountainous landscapes to West Greenland. We will make landing at Qassiarsuk, at the spot where Eric settled, before we reach Nuuk, the capital of Greenland. Get up early to get the first glimpse of giant icebergs flowing slowly into Davies Strait from Disko Bay. Here we visit the small town of Qegertarsuag, make a stop in front of the huge Eqi Glacier, and take a walk in Ilulissat to the World Heritage Site of the Icefjord. Our last stop along the coast will be the small settlement of Sarfannguit, before we enter the long fjord of Kangerlussuaq, where it is possible to join a trip through the tundra to the Greenland Icecap before your home bound flight. An enriching experience of Greenlandic culture and Arctic nature.

### IN THE WAKE OF ERIK THE RED

### **GREENLAND - DISKO BAY**

TRAVELLING BY SEA is still the best way to experience Greenland. The places most worth seeing are situated along the dramatic coastline: small and colourful houses resting on the steep mountain sides down to a fjord, giant glaciers producing enormous icebergs, meanwhile whales and seals play in the sea. And only a few minutes' hike away you will find yourself totally alone, surrounded by wilderness. But global warming is changing Greenland's Arctic environment at an alarming rate. On this 8 day voyage to Disko Bay and Uummannag, we follow the tracks of scientists and decision makers to see with our own eyes the retreating glaciers and gasp at the thought of losing them. During our third day of the cruise, we visit the Danish Research Station on Disko Island. Climate experts in our Expedition Team will lead a series of scientific lectures and discussions on board to shed a light on one of the hottest topics of our time. We will utilize Zodiacs for beach landings, settlement visits and enjoy nature hikes to get close to receding glaciers. We reach our northernmost point at the fabulous town of Uummannaq, before heading back south for a Zodiac cruise at Eqip Sermia, a giant retreating glacier. We will then head further on to Ilulissat, the Iceberg Capital of the World. Our last call will be at the small Inuit settlement of Sarfannguit.

- · Serenity & history of Disko Island
- · Whale sightings, bird watching & Arctic wildlife
- · Cultural Kaffemik experience
- · Visit Ilulissat, nicknamed the 'Iceberg Capital of the World'
- · UNESCO-protected Icefjord
- · Close encounter with the calving Eqip Sermia Glacier

#### **INCLUSIONS**

- · Flights Denmark/Iceland Kangerlussuaq (round trip)
- $\cdot$  8-day/7-nights' cruise with Ocean Albatros in a shared outside double room
- · English-speaking expedition staff
- · Transfer to/from Kangerlussuaq Port
- · Information briefings and lectures by Expedition Team
- · Full board on ship, incl. free coffee, tea and afternoon snacks
- · Taxes, tariffs and AECO fees
- · Special photo workshop
- · Welcome and farewell cocktails
- · Digital visual journal link after voyage, including voyage log, gallery, species list and more!

- · Cruising through narrow Kong Oscar and Kejser Franz Joseph Fjords
- · Zodiac landings and hikes in the National Park
- · Polar bears, muskoxen, and whales
- Northern Lights
- Ocean Albatros exceeds the highestenvironmental standards and has less than half the carbon emission per passenger of traditional expedition vessels

#### **INCLUSIONS**

- · 10-days/9-nights' cruise with Ocean Albatros in shared outside room with private facilities
- · English-speaking expedition staff
- · 'Open Town' and guided walk in Ittoggortoormiit
- · Zodiacs cruises in fjords
- · Information briefings and lectures by expedition team
- · Full board on the ship, incl. free coffee, tea and afternoon snacks on the ship
- · Taxes, tariffs and AECO fees
- · Welcome and farewell cocktails
- · Digital visual journal link after voyage, including voyage log, gallery and species list

DISCOVER ONE OF THE WORLD'S most beautiful, wildest and pristine natural areas in the huge North Greenland National Park. On this unique Albatros expedition cruise, we will venture far away from the usual tourist routes and visit places where only true expeditioners and scientist travel.

Here we will experience unspoilt Arctic landscapes and potential encounters with polar bears, whales, and musk oxen.

Heading out from Reykjavík, our first call is the isolated Inuit community, Ittoggortoormiit. From here we navigate into the overwhelming Kong Oskar Fjord, which acts as a gateway for the North Greenland National Park, the world's largest nature reserve.

Navigating the sheltered interior of the National Park's fjord system, we are likely to enjoy stable September weather with clear skies and distant views. Snow dusts the mountain tops, and the supernatural wonders of Aurora Borealis can be seen at night.

We make landings at century old hunting stations in breathtaking landscapes, as our ship navigates north around Ella and Ymer Islands into Kejser Franz Joseph Fjord. On the southbound voyage, we will aim for Carlsberg Fjord and the dramatic Blosseville Coast, with plans to make landings near the great fjord of Kangerlussuaq.

## INTO THE NORTHWEST PASSAGE

ALBATROS EXPEDITIONS LAUNCHES a new and unique voyage which combines the dramatic and wild Arctic Canada around Baffin and Ellesmere Island with the colourful settlements along northwest Greenland. Guests will experience the Arctic where adventurers of the past sought the Northwest Passage and through which the Greenlandic explorer, Knud Rasmussen travelled on his longest sledge journey 100 years ago.

The journey begins in Kangerlussuaq in West Greenland, from where we cruise west to the Inuit land of Nunavut on Baffin Island. Inuit have lived on this coast for millennia, and during our voyage to the north we will visit several small settlements. It was from here that Inuit migrated to Northwest Greenland 1000 years ago and created the basis for the modern Greenlandic population. We will constantly be on the lookout for polar bears, narwhal and the numerous bowhead whales feeding off Baffin's coasts in September.

From Baffin Island we will steer into Lancaster Sound, the start of the Northwest Passage, and then head back to Greenland. We will visit Qaanaaq, the northernmost inhabited town in the world, and continue further down the west coast to Upernavik, Uummannaq and Ilulissat. Finally we reach Kangerlussuaq after an expedition voyage that encompasses the wide range of Arctic nature and its fascinating population.

Ocean Albatros's modern design and technical features ensure high safety and ultimate comfort in demanding Arctic waters, making it the perfect vessel for this voyage.

- · Inuit settlements of Nunavut on Baffin Island
- · Bowhead whale sanctuary at Isabella Island, Baffin
- · Sam Ford Fjord, mountains 'of another world'
- · Colorful Inuit settlements along Greenland's northwest coast
- · Ilulissat, the 'Iceberg Capital of the World'
- · Many optional excursions

#### **INCLUSIONS**

- · Flights Denmark/Iceland Kangerlussuag (round trip)
- $\cdot$  14-day/13-nights' cruise with Ocean Albatros in shared outside double cabin
- $\cdot$  English-speaking expedition staff
- · Guided walks in all towns and settlements
- · Zodiacs cruises in fjords
- $\boldsymbol{\cdot}$  Information briefings and lectures by expedition team
- $\cdot$  Full board on the ship, incl. free coffee, tea and afternoon snacks on the ship
- · Welcome and farewell cocktails
- · Taxes, tariffs and AECO fees
- · Photo workshop
- Digital visual journal link after voyage, including voyage log, gallery, species list and more!

# Albatros

# Albatros Travel Group

# ALBATROS TRAVEL GROUP IS BRINGING SCANDINAVIAN QUALITY TO ADVENTURES AROUND THE WORLD

We are a Scandinavian-born, family-owned tour operator with a global wingspan. Our company was established in 1986 by Søren Rasmussen, who is chairman today and his wife and children all work in the company's management team. As a young biologist with an appetite for exploring the world, Søren traveled to Africa and was completely captivated by the fantastic wildlife, spectacular scenery and the unique cultural environment. He founded the company to share his passion for Africa and started by sending guests on tented safaris in Kenya.

Søren has always emphasized that all products should be built from scratch with deep attention to detail, leading to full control over the customer's entire travel experience. Today, this success is achieved through subsidiaries and by owning several hotels, bush camps, bus companies and cruise ships.

Even though safaris were initially the main product, when Albatros Travel started as a company in 1986, the product range quickly expanded into other exotic destinations around the world.

Another natural expansion was the establishment of a new office in Kenya where the fascination for travel and adventure all began. We have since expanded our Africa operation, under the brand 'Albatros Africa', opening up two more offices in the region - one in Tanzania, where we have a tented bush camp and one in South Africa, where we have 3 bush camps, a bus company and a nature reserve with 4 country lodges.

Additionally, we also started growing our core activities in the Nordics, where we are now the market leader within the group travel category in Denmark, Sweden, Norway and Finland. All of these operations are conducted out of our headquarters in Copenhagen, Denmark.

When Søren went to Svalbard in the Arctic region for the first time in 1995, he was completely taken with it. This resulted in extensive travelling and exploration of the polar regions, and eventually the acquisition of several hotels in Greenland and a bus company under the brand 'Albatros Arctic Circle'. Søren also invested in 5 cruise ships suitable for polar exploration. In 2017, Albatros Expeditions was established to handle our cruise operations to these regions.

With the desire to expand the range of the company's adventure travel offerings and to reach new target groups, we came up with the idea of an extreme marathon on the Chinese Wall, and thus 'The Great Wall Marathon' was founded in 1999. This was the beginning of many more fascinating marathons around the world from our 'Albatros Adventure Marathons' team.

# MAGNIFICENT ICY LANDSCAPES AWAIT

OUR EXPERIENCED EMPLOYEES IN KANGERLUSSUAQ AND ILULISSAT ARE LOOKING FORWARD TO WELCOMING YOU IN GREENLAND. OUR STAFF AND GUIDES HAVE SEVERAL YEARS OF EXPERIENCE OF GREENLAND, AND SOME OF THEM NOT ONLY CALL THE COUNTRY THEIR HOME, BUT HAVE LIVED THERE SINCE BIRTH.

We offer accommodation in our hostels, hotel or even in tents near the sea or on the ice sheet. We also operate a world-class shelter camp overviewing a glacier. Right in our 'backyard', we arrange and operate some of the most popular excursions in Greenland. Some of them take place in areas recognized as UNESCO World Heritage Sites. Whether you choose to go to only one destination in Greenland or combine with others, we are looking forward to welcoming you. *Tikilluarit!* 

Visit Albatros Arctic Circle's Website for more inspiration and to book our Greenlandic tours and accommodations!

KANGERLUSSUAQ is a settlement in western Greenland. It is Greenland's main air transport hub and airport, and home to Greenland's most diverse terrestrial fauna, including muskoxen, caribou, arctic hares and gyrfalcons.

#### SOME OF OUR TOURS AND SERVICES IN KANGERLUSSUAQ:

- · Two lodging accommodations; Old Camp and Polar Lodge
- · Restaurant Roklubben offering authentic Greenlandic dishes
- · Various Greenland Icesheet adventures and excursions
- · Robinson River Fish Camp experience
- · Tundra safari for Greenlandic wildlife
- · Various hiking excursions
- · Dog sledding tours from 2 hours to 3 days
- · Northern Lights tours

**ILULISSAT** is located approximately 300 km north of the Arctic Circle. With the population of less than 5,000, it is the third-largest town in Greenland. In direct translation, Ilulissat means "Icebergs". The nearby Ilulissat Icefjord is a UNESCO World Heritage Site.

#### SOME OF OUR TOURS AND SERVICES IN ILLULISAT:

- · Hotel Hvide Falk
- · Albatros Kayaking Center offering kayaking in the Icefjord
- · Hiking & kayaking tours
- · Snowmobile and winter adventures
- · Northern Lights tours
- · Authentic settlement experience
- · Ice fjord walks and hikes
- · Ice fjord and whale excursions

# AN AFRICAN DREAM COME TRUE

ALBATROS HAS BEEN OFFERING EXCITING, ADVENTUROUS, AND DIVERSE SAFARI EXPERIENCES TO SOUTHERN AND EAST AFRICA SINCE 1986, INCLUDING NAMIBIA, MOZAMBIQUE, BOTSWANA, VICTORIA FALLS, TANZANIA, AND KENYA.

Albatros is regarded as a leading tourism partner, offering a range of products and services that encompass the needs of all visitors to Southern and East Africa. Over the past 33 years, we have created an integrated business model which allows for the supply of quality travel packages in which the group is involved in most parts of the chain of supply ensuring consequent control.

Albatros operates as a Destination Management Company and travel partner, owns and manages a growing portfolio of Tented Safari Camps under the brand name of Honeyguide, Zebra Nature Reserve, and manages a VIP day touring services within Southern and East Africa under the trading name of Albatros Beyond Touring.

#### HONEYGUIDE TENTED SAFARI CAMPS

Albatros Travel owns and manages four uniquely positioned tented safari camps under the brand name Honeyguide. Mantobeni and Khoka Moya can be found in the pristine Manyeleti Game Reserve which share open borders with the world-famous Kruger National Park, while Tarangire is a beautifully presented luxury tented safari

camp set in the breathtaking wilderness of Tarangire National Park. Honeyguide Ranger Camp is located within the beautiful Entabeni Safari Conservancy in the South African province of Limpopo and forms part of the Waterberg region's World Heritage "Waterberg Biosphere."

#### HIGHLIGHTS OF THE HONEYGUIDE CAMPS

- · Boutique unfenced tented safari camps with well-spaced tents
- · Big 5 & free roaming wildlife
- · Large, luxurious & well-equiped tents
- · Fully plumbed
- · Electricity 24/7
- · Various activities & amenities

We aim to recreate something of the style and ambiance of Hemingway's Africa. The tented accommodation, the exclusivity and the extent of our concessions, the relaxed and personal atmosphere in the camps and the activities on offer, are all expressions of our guiding philosophy. We strive to provide our guests with the closest possible encounter with pristine Africa without sacrificing the basic comfort and safety.

# FOR THE TRULY ADVENTUROUS RUNNER

# OUR ALBATROS ADVENTURE MARATHONS ARE CHALLENGING RUNNING EVENTS THAT TAKE PARTICIPANTS TO A WHOLE NEW LEVEL.

All our races are characterised by locations of exceptional natural beauty and historic significance. From the barren desert landscape of Jordan to the African savannah, from the epic Great Wall of China to the temples of Bagan, we offer races with remarkable courses that will challenge even the most experienced runner.

Ready to push your limits?

Here at Albatros Adventure Marathons, we are all about taking running to another level. Our philosophy is to offer challenges in places of exceptional natural beauty and historical significance with varying terrain. The fo-

cus is on great experiences, pushing limits and achieving something extraordinary.

Albatros Adventure Marathons are not just about the race - the events are also about enjoying time together with family, friends and other running-minded spirits on an active holiday. All the events come with a tour package providing accommodation, social events and excursions at the destination.

PUSH YOUR LIMITS AT THE NEXT ALBATROS ADVENTURE MARATHON!

albatros-adventure-marathons.com

With 20 years of experience in creating running travel events, we take great pride as originators of "the adventure marathon" concept and our ability to offer each participant an unforgettable journey. Ready to push your limits? Check out these marathons!
