ANTARCTIC SUMMIT

WOLF'S FANG | ANTARCTICA

On this 6-day experience you will fly into the interior of Antarctica on a private jet and stay at our brand new camp - Wolf's Fang.

The highlight of the trip is to summit an Antarctic Peak in the Holtedahl mountain range.

This is pioneering adventure at the end of the world.

START POINT CAPE TOWN, SOUTH AFRICA

Often tipped as one of the most beautiful cities in the world, Cape Town is home to award-winning vineyards and stunning ocean vistas.

We will host a safety briefing the day before your scheduled flight where our staff will explain all kit requirements, assist with any last-minute preparations and update you as to the latest weather forecasts in Antarctica.

WOLF'S FANG RUNWAY

Our runway is overlooked by one of the most magnificent and iconic mountains on the entire continent, so named 'Wolf's Fang' by the early Norwegian explorers. Once on the ground, you will be surrounded by kilometer-high monoliths of rock that rise vertically from the ice.

Wolf's Fang is made up of 6 guest sleeping tents, a large communal tent and a newly refurbished washroom facility. All guest areas are heated for your comfort.

The communal tent with adjoining kitchen houses a cosy lounge with rich leather finishes and a dining room where guests are served all meals. Our chef prepares freshly baked bread every morning before the day's activities and each dinner is signed off with a night cap of your choice.

"The logistics that support this 12-guest refuge would test a space mission."

Between rugged mountain ranges and spectacular frozen waves of ice, our guides will expand your horizons and push you only as far as you want to go. Our philosophy is simple - do as much or as little as you like. After all, it's your adventure!

The Holtedahl Mountains are home to some of Earth's most spectacular peaks - a climber's paradise. We will traverse to the base of these mountains where our guides will have set up the camp for the expedition. After a night spent out on the glacier we will take advantage of the 24-hour sunlight and trek into the mountains to summit a peak where few humans have ever stood before.

YOUR SAFETY

For all its beauty, Antarctica can be a challenging environment, with low temperatures, strong winds and high altitudes. We believe the best way to protect you is through our staff and we are absolutely uncompromising about the experience and expertise of our people.

All our mountain guides have completed the strenuous 5-year UIAGM qualification, while each camp has its own fully-qualified trauma doctor and accompanying medical kits. Our chief pilot has 10 years of experience flying in Antarctica with over 18,000 hours of logged flight time.

Tracking, satellite communications and mutual Search & Rescue agreements are all part of White Desert's comprehensive safety policies. Furthermore, by operating our own aircraft, we also have the speed and flexibility to arrange an evacuation back to Cape Town in the unlikely event that one should become necessary.

ENVIRONMENT

White Desert believes that responsible tourism is a genuine force for good and supports Sir David Attenborough's stance on the transformative power of wilderness travel: "No one will protect what they don't care about, and no one will care about what they have never experienced".

Camp - As a temporary eco-camp, our whole operation can be dismantled and removed without a trace.

Carbon neutral - White
Desert was the first aviation
operator in Antarctica to be
entirely Carbon Neutral, a
status the company has held
since 2007.

Waste management - We keep waste to a minimum by repackaging all consumables before we bring them to Antarctica, while at the end of the season, all solid waste is shipped back to South Africa for recycling or responsible disposal.

FULL ITINERARY

DAY BEFORE DEPARTURE White Desert will host a safety briefing in Cape Town. This is where we will check all your polar clothing and prepare you for your flight south.

DAY 1

We fly to Antarctica (5 hours) and cross thousands of icebergs as we pass over the Southern Ocean.

During the flight, we cross into the polar circle and into 24 hours continuous daylight. Landing on the specialist ice runway, you will be escorted to Wolf's Fang.

DAY 2

Settle into Wolf's
Fang and discuss your
options for the coming
days with our
experienced guides.

Then set out for a hike through the nunataks around the camp, getting to know the incredible topography of Queen Maud Land.

DAY 3

Setting out early in the morning, we will traverse by foot and Skidoo to the base of the Drygalski range.

The 20km route will journey over glaciers and across numerous nunataks. Arriving in the early afternoon we will have time to take the scenery in and check equipment for the next day.

DAY 4

Summit Day.
The journey to the summit will follow a valley carved out by the glacier and then up on to rocky ridge that leads to the peak.
At the summit you'll experience the essence of exploration, standing where few humans have ever stood before.

Back at basecamp, you will enjoy a hearty meal and toast your achievement with champagne!

DAY 5

The return trip will be by foot and skidoo with a stop half way to put your ice climbing skills to the test. The wind scoops around the nunataks make the perfect spot for testing and improving your ice-climbing skills.

DAY 6

A convoy of Arctic Trucks, and skidoos for the more adventurous, will traverse you across the glacier to the base of the Needle Peak, so named as the rock explodes vertically out of the ice. Here you will follow the challenging rope walk set up by our guides across the rock and ice. Late lunch will be served before the journey back to Wolf's Fang.

DAY 7

Our schedule leaves you time to include more climbing and mountaineering or perhaps fat-biking and hiking around White Desert's extraordinary playground at Wolf's Fang, before a celebratory dinner rounds off your trip to the Great White Continent.

DAY 8

The flight out of
Antarctica will be
the last of your
unforgettable
Antarctic memories
before you delve back
into the energy and
heat of Africa. You
will be transferred to
your hotel where you
will have a chance to
relax in a hot bath
and reflect on your
Antarctic adventure!

This itinerary is entirely subject to weather conditions in Antarctica and is meant as a day-by-day guide of what guests can expect. Exact dates and types of plane may vary.
