WHITE DESERT & ANTARCTICA

For centuries, the Last Continent has held a special place in our imaginations, yet even now, long after the first explorers reached the South Pole, access to the interior of Antarctica is still only for the very few.

After a five-hour flight from Cape Town, South Africa, we bring you to a place that is both surreal and majestic. From iridescent ice tunnels to vertical spires of rock, from endless horizons to oceans scattered with icebergs; this is a place unlike anywhere

Established 17 years ago by record-breaking polar explorers, White Desert offers you an environmentally-conscious choice that always prioritises the sensitive environment and incredible animals that surround us.

Come with us on an unforgettable journey. Come explore.

33º 56' 29" S 18º 27' 40" E

START POINT CAPE TOWN, SOUTH AFRICA

Often tipped as one of the most beautiful cities in the world, Cape Town is home to award-winning vineyards and stunning ocean vistas.

We will host a safety briefing the day before your scheduled flight where our staff will explain all kit requirements, assist with any last-minute preparations and update on the latest weather forecasts for Antarctica.

71º 39' 43" S 9º 29' 03" E

WOLF'S FANG RUNWAY

Our runway is overlooked by one of the most magnificent and iconic mountains on the entire continent, named 'Wolf's Fang' by the early Norwegian explorers. After landing on the ancient blue ice, you will be surrounded by massive monoliths of rock that rise vertically from the glacier.

Once in Antarctica, you will be transferred by our Basler BT-67 to our luxury camp at Whichaway. Flight time: 30 minutes.

As part of our responsibility towards conserving Antarctica, all emissions from our operations, including all flights to, from and within the continent, are offset by fully-accredited carbon-neutral schemes.

"Whichaway offers the perfect balance between polar functionality and luxury camp comfort." Rick Garratt, CEO, Home Choice

Our camp consists of six heated and state-of-the-art bedroom pods that are designed for two guests to enjoy in comfort. At just over 6m (20ft) in diameter, they are spacious with a writing desk, wash area and toilet.

For guests travelling independently, the pod can be partitioned for privacy.

The rest of the camp comprises a shower pod, kitchen and three centralised pods that make up the reception, lounge and dining room. This is where our experienced team of chefs, hosts and guides will take care of every detail for you, allowing you to focus on enjoying your adventure.

While the exterior of our pods is made from cutting-edge materials, the interiors have a relaxed, old-world feel that harks back to the golden age of Antarctic exploration.

After a busy day of activities, you'll be sure to work up an appetite. Our hearty breakfasts, elegant lunches and three-course dinners will mean you are well fed whilst staying at the end of the world.

Our chefs use the best South African produce to create meals that are full of flavour and sophisticated without being fussy. The wines come from a selection of the finest Cape vineyards, whilst the bread is freshly baked and the coffee freshly ground.

Our service is welcoming, personal and thoughtful, and takes into account each guest's dietary requirements.

TRAVEL WITHIN ANTARCTICA

Robb Report "Flights by a ski-plane to a massive Emperor-penguin colony and the Geographic South Pole make for lifetime memories."

Our Basler BT-67s are uprated conversions of the DC-3, specially equipped with the latest avionics and skis for landing on snow and ice.

The Emperor Penguins are almost mystical, it was incredible."

Rina Tham - author of internationally published Lucky Number 9

Your visit to the penguins begins with a 2.5 hour flight to Atka Bay, the site of the first episode of Sir David Attenborough's ground-breaking documentary *Seven Worlds, One Planet*. Here you'll see over 14,000 breeding pairs and their newly-hatched chicks, a spectacle full of noise and energy that is a favourite with wildlife watchers and photographers.

There are so few visitors to this colony that the chicks are unafraid of humans and often waddle close by. Mindful of our responsibility to the Antarctic environment and of IAATO guidelines, we keep at least 5m (16.4ft) from the penguins while taking in all the sights and sounds of this rare wildlife spectacle, which remains one of the greatest thrills on Earth!

At the heart the Great White Continent lies the South Pole, one of only two stationary points on this rotating Earth! At exactly 90 degrees of latitude, you can walk around the world in only a few paces and marvel at a place where there is no more east, south or west - the only direction is north!

The American Amundsen-Scott research station is the backdrop to this most exceptional place, whose discovery ranks as one of the greatest feats of human exploration ever known.

It is a total of 2,400km (1,500mi) from Whichaway to the South Pole. The first part of the journey is a 5-hour flight to FD83, our expedition camp. Flying 3,000m (10,000ft) above the ice, your view is sensational as we cross the High Polar Plateau.

We stop for 1 hour to refuel and then continue another 2 hours to the South Pole itself. There is a true sense of remoteness at this point where, for as far as the eye can see, the white horizon meets the pure blue sky.

The South Pole - the very lowest point on the Earth and the holy grail of early explorers. Even though we operate approximately ten flights to the South Pole per year, we have had a 100% success rate in reaching the Pole since the 2017/18 season..

We fly back to our expedition camp at 83°S to rest overnight and to join the select few who have ever spent a night in the beauty of the Polar Plateau. You will be well looked-after as we experience camping in one of the wildest places on Earth.

After a night spent as a true explorer, we fly back to our main camp and celebrate your momentous journey.

With only 12 guests on each adventure, our professional guides will ensure that you are always safe and well looked-after, and that you get the most out of your time.

Your activities can be as adrenaline-fuelled or relaxed as you like: not keen on climbing, fat biking or abseiling? Then perhaps a picnic followed by a sauna and a massage would suit. The choice is yours.

"The logistics that support this 12-guest refuge would test a space mission."

Between rugged mountain ranges and spectacular frozen waves of ice, our guides will expand your horizons and push you only as far as you want to go. Our philosophy is simple - do as much or as little as you like. After all, it's your adventure!

WELLNESS

A trip to Antarctica is the perfect opportunity to rest, recharge and recover from the hustle and bustle of everyday life. Not only are our team ready to lead you through the landscapes of Antarctica, but they are also on hand to guide you in relaxation and meditation techniques.

Newly added for the 2021/22 season, our sauna and wellness pod are perched beside a serene freshwater lake, whose views will inspire you during daily meditation and yoga sessions.

YOUR SAFETY

For all its beauty, Antarctica can be a challenging environment, with low temperatures, strong winds and high altitudes. We believe the best way to protect you is through our staff and we are absolutely uncompromising about the experience and expertise of our people.

All our mountain guides have completed the strenuous 5-year UIAGM qualification, while each camp has its own fully-qualified trauma doctor and accompanying medical kits. Our chief pilot has 10 years of experience flying in Antarctica with over 18,000 hours of logged flight time.

Tracking, satellite communications and mutual Search & Rescue agreements are all part of White Desert's comprehensive safety policies. Furthermore, by operating our own aircraft, we also have the speed and flexibility to arrange an evacuation back to Cape Town in the unlikely event that one should become necessary.

ENVIRONMENT

White Desert believes that responsible tourism is a genuine force for good and supports Sir David Attenborough's stance on the transformative power of wilderness travel: "No one will protect what they don't care about, and no one will care about what they have never experienced".

Camp - As a temporary eco-camp, our whole operation can be dismantled and removed without a trace.

Carbon neutral - White
Desert was the first aviation
operator in Antarctica to be
entirely Carbon Neutral, a
status the company has held
since 2007.

Waste management - We keep waste to a minimum by repackaging all consumables before we bring them to Antarctica, while at the end of the season, all solid waste is shipped back to South Africa for recycling or responsible disposal.

FULL ITINERARY

DAY BEFORE DEPARTURE

White Desert will host a safety briefing in Cape Town. This is where we will check all your polar clothing and prepare you for your flight south. This itinerary is entirely subject to weather conditions in Antarctica and is meant purely as a guide to what guests may expect day by day. The exact sequence of activities and the types of aircraft mentioned in this brochure may vary.

DAY ONE

We fly over thousands of icebergs on our 5-hour flight across the Southern Ocean to Antarctica. During the flight, we enter the Polar Circle and encounter the continuous daylight of the Antarctic summer.

After landing on the ancient blue ice of the runway, you will transfer to our camp at Whichaway and take a gentle hike around the Oasis.

DAY TWO

Settle into Whichaway and do as much or as little as you like each day. Activities range from yoga, massages and gentle treks to exploring the incredible ice waves, summiting a nunatak, ice climbing and even abseiling!

On quieter days, you'll hear talks from our polar explorer staff about some of the lesser-known history of Antarctica and their world record-breaking expeditions.

DAY THREE

We fly 2 hours across
Antarctica, providing
beautiful views of the
nearby mountain ranges
and coastline, before
landing at the emperor
penguin colony at Atka
Bay. You will be among
the very few who have
ever witnessed such a
spectacle, observing the
real-life stars of March of
the Penguins.

DAY FOUR

We spend the day exploring the ice waves below our camp, delving into the series of ice tunnels that are as surreal as they are beautiful.

Then you'll be off on

an Arctic Truck safari, winding your way through the snow and ice to an incredible vantage point where you can take in the panoramic view over the waves that you have just explored.

DAY FIVE**

We leave early in the morning in our Basler BT-67 aircraft, flying over stunning mountain ranges before landing at Dixie's camp to refuel.

After a walk on the High Polar Plateau we will continue to the South Pole, where you will have plenty of time for photos and a chance to stamp your passport before flying back to Dixie's camp and overnighting in the great wilderness of the Plateau.

DAY SIX

After a night under canvas, you'll enjoy a hearty breakfast before boarding the plane once again for the flight back to Whichaway.

The flight is the perfect chance to appreciate the immense scale of Antarctica, before you return to our camp for a three-course champagne dinner to celebrate your achievement.

DAY SEVEN

An adventurous hike along a winding cliff face affords guests stunning views over pressure ridges of ice that have been folded over millennia by the ocean.

Our world-class mountain guides will lead you on this challenging hike, ensuring your safety at all times.

DAY EIGHT

The flight out of
Antarctica will be the
last of your enduring
memories of the great
White Continent before
you dive back into the
vibrant energy of Africa.
You will be transferred
to your hotel where you
will have a chance to
relax and reflect on your
Antarctic adventure!

** Please bear in mind that the South Pole is situated at an apparent altitude of 4,000m with an approximate ambient temperature of -25°C. Those with pre-conditions for altitude sickness should not choose this option. If you are unsure in any way, please contact White Desert for any advice or further information.

ADDITIONS TO YOUR TRIP

VIRGIN PEAK

Antarctica is truly the final frontier for mountaineering, with thousands of peaks reaching as high as 4,892m (16,000ft), many of them unnamed and most of them unclimbed. Take the opportunity to explore a mountain where no one has ever set foot before, led by UIAGM-qualified high mountain guides. Contact us to discuss your options!

AFRICAN ADVENTURES

Our home base in Cape Town isn't just the gateway to Antarctica, it is also a hub for a multitude of African experiences. From private safaris in Kruger National Park to visiting Victoria Falls or the Okavango Delta, White Desert can introduce you to the finest travel experiences in Africa. We'd be happy to make recommendations for you!

O DOOR-TO-DOOR

To make your trip even smoother and to keep you away from busy crowds, we would be pleased to pick you up and drop you off at your door and to arrange private jet transportation to and from Cape Town.

Our Door-to-Door service can also be arranged on an exclusive basis for up to 12 passengers.

EXCLUSIVE BOOKINGS

Catering to a wide range of fitness levels,
White Desert's trips are perfect for families
and friends - even across three generations.
With a maximum group size of 12, exclusive
bookings allow each element of your experience to be completely tailored, from the food
and wine to the daily activities. If you book
exclusively, White Desert would be pleased to
include a photographer, interpreter or
specialist chef, should you desire and subject
to the aircraft's passenger capacity.

JET OWNERS CLUB

Wolf's Fang Runway is the only blue ice runway in Antarctic specifically designed for business jets. We can assist jet owners, subject to a number of operating conditions, with bringing their own aircraft into our runway and creating an entirely bespoke experience.

ABOUT WHITE DESERT

White Desert was founded in 2005 by husband and wife team Patrick & Robyn Woodhead, who hold four exploration world records between them. When White Desert began, visitors reached Antarctica almost exclusively by cruise ship, limiting them to the Antarctic Peninsula and its coastline. Instead, Patrick and Robyn wanted to introduce guests to the deep interior of the continent while offering them a level of hospitality and comfort more akin to a high-end Africa safari than a rugged polar expedition.

Receiving its operating permit from the British Foreign, Commonwealth & Development Office (FCDO), the company has grown year-on-year and is now comprised of 70 staff of 17 different nationalities during season, providing a unique and highly specialised skillset.

Antarctic travel is the only thing White Desert does. It's our passion, it's our mission and it's in our DNA.

WHITE DESERT CLOTHING LIST

There are two ways to purchase the clothing necessary for your trip to Antarctica.

- 1. If you don't have the time to purchase your own clothing before arrival in Cape Town, we can pre-order all necessary items through a specialist local company, Drifters. You can then collect everything at the safety briefing the day before your flight. You will be able to pay by credit card on the day, and there will be an opportunity to exchange items if the colour or sizing is not quite right. All prices quoted throughout this document are in South African Rand (ZAR), and when ordering please refer to the size chart on page 6 of this document.
- 2. Alternatively, you may purchase your own clothing independently or use items of ski gear that you already own. If you plan to do this, it is imperative that the items that you bring with you to Cape Town match the quality and specifications of the garments detailed in this guide. If you have any questions regarding this, please contact Richard Godden at White Desert (richard@white-desert.com) who will be happy to advise you.

NB: please be aware that some of the prices and colours listed below may fluctuate slightly due to import costs and availability in South Africa.
