

 NANSEN
POLAR
EXPEDITIONS

Nansen Polar Expeditions is an industry-leading provider of custom polar adventures and logistics, from coordinating small-group expeditions or private luxury cruises, to servicing film & science crews.

With the combination of our expert knowledge of remote areas, over 30 years of operational experience amongst our team, and using MS Villa as our well-suited expedition platform, we execute world-class, tailor-made experiences for a wide range of clients.

OUR YACHT. OUR TEAM. YOUR EXPEDITION.

A large white and black yacht is docked in a harbor. The yacht has a white upper hull and a black lower hull. It is positioned in front of a row of multi-story buildings with various window styles and balconies. The scene is set in a harbor with water in the foreground. The text "OUR YACHT" is overlaid in the center of the image.

OUR YACHT

MS Villa was built-to-order for the Norwegian Coastal Administration. Prior to February 2019, her mission was to service lighthouses and buoys along the rough Norwegian coast. Rugged yet luxurious, MS Villa is the perfect blend of a working vessel and expedition platform.

The bridge on MS Villa is the heart of our operation, featuring modern and reliable electronics and navigational equipment for polar expeditions. The bridge also serves as an excellent vantage point for guides and guests to scout for wildlife, with the large bank of windows providing observers with 180° views.

MS Villa boasts 120m² of above-deck space and 160m² of space below-decks; the 10-ton crane can operate in both areas. This allows for ample storage and protection of sensitive equipment in a dry environment. As an ice-strengthened ship (ice class B), with an installed ice keel and ice propeller, MS Villa is designed to operate in icy waters.

All guest accommodations has been completely redesigned in 2020 with expedition operations and comfort in mind – the spacious cabins are equipped with multiple 230V electrical sockets for all photography and videography recharging needs.

As expedition professionals, we know that food is an important part of any polar adventure! Our Chef will prepare and serve high-quality meals with global flavours that will please any palate.

Whether it is an expedition with private clients or a film contract, MS Villa is a very flexible ship. We look forward to exceeding your expectations.

OUR TEAM

MARTIN ENCKELL

EXPEDITION LEADER

Martin is BBC's "expert advisor" in TV shows filmed in remote parts of the polar regions and has worked every year in the Arctic and Antarctica since 1999. As an Expedition Leader, divemaster, zodiac driver and private guide, he spends most of his time out in the field. In the Arctic, Martin has explored Svalbard, Greenland's West and East coasts, the Canadian Arctic, Franz Josef Land, Novaya Semlja, the White Sea and the Sea of Okhotsk in the Russian Arctic.

AUDUN LIE DAHL

EXPEDITION LEADER

Audun has been arranging and leading tours all around the world since 2010, focusing on the colder regions such as Svalbard, Arctic Norway and Antarctica. In more recent years, Audun has been renowned as one of the premier wildlife photographers in the world, and awarded accolades such as GDT European Wildlife Photographer of the Year, NHM Wildlife Photographer of the Year and Nature's Best.

ESPEN LIE DAHL

EXPEDITION LEADER

Espen is an avid birder and renowned wildlife photographer, winning multiple international awards in recent years. With a PhD in biology, Espen has considerable knowledge of the environment in the remote areas our expeditions go to.

JOJO PERSSON

DIRECTOR OF OPERATIONS

Jojo is an expedition operations specialist from Sweden with over 15 years of experience in luxury hospitality. Over the years, Jojo has coordinated expeditions unique to the industry all over the world, from Antarctica to the Arctic, and across multiple remote tropical destinations. Jojo is an expert problem-solver and the heart of all expeditions.

DAGFINN LIEN

TECHNICAL SUPERINTENDENT

Dagfinn started his career as an engineer in cruise tourism at an early age. In recent years, he has built his own company that runs special assignments for the electrical industry at sea, using cables and power lines. Dagfinn also has a fleet in the salmon industry.

A white dog, possibly a Samoyed, is lying in a snowy landscape. The dog is positioned on the right side of the frame, looking towards the left. The entire scene is overlaid with a semi-transparent dark grey rectangle. The background of the entire image is a dark blue-grey color with a repeating pattern of light grey, stylized, angular shapes that resemble snowflakes or ice crystals.

EXPEDITIONS IN SVALBARD

Svalbard Adventure / Ultimate Svalbard / Svalbard Southbound

Svalbard is the Norwegian archipelago between mainland Norway and the North Pole. It was discovered by Willem Barentsz in 1596 and is approximately 600 miles (965 kilometres) from the North Pole and 400 miles (644 kilometres) north of Norway. With a land area of 24,721 mi² or 39,784 km² and with 60% of the land covered in ice, Svalbard is considered the largest wilderness area in Europe. Spread across four settlements

(Longyearbyen being the largest), it has a population of 2,600.

Expedition mode begins as soon as we depart Longyearbyen – your Expedition Leader and Captain will determine the route based on wildlife, weather, and ice conditions. MS Villa is an excellent platform for photographing the stunning scenery as we sail towards the pack ice in search of seabirds, seals, whales, and, of course, the King of the Arctic... the polar bear.

Join your Expedition Guides on Zodiac cruises and on shore landings to explore, view wildlife and visit historic sites. With a maximum group size of 12 guests, we can mobilize quickly and easily take advantage of any wildlife-viewing opportunities that present themselves ashore or in the Zodiacs. This enables us to easily maximize your Svalbard experience!

MV Villa is an excellent platform for photographing the stunning scenery as we sail towards the pack ice in search of seabirds, seals, whales, and, of course, the King of the Arctic... the polar bear.

Join your Expedition Guides on Zodiac cruises and on shore landings to explore, view wildlife and visit historic sites. With a maximum group size of 12 guests, we can mobilize quickly and easily take advantage of any wildlife-viewing opportunities that present themselves ashore or in the Zodiacs. This enables us to easily maximize your Svalbard experience!

DAY 1: LONGYEARBYEN

Meet your dedicated expedition team and crew at the dock in Longyearbyen at 16:00hrs, where you will embark MV Villa and make yourself at home. After you are settled in your cabin, we will conduct the mandatory safety briefing before we sail out from Adventfjorden into Isfjorden. Enjoy the open decks before a welcome dinner is served in the dining room. Your adventure has just begun!

DAY 2-7: EXPLORE THE ARCHIPELAGO

We will be in full expedition mode, exploring the archipelago and taking advantage of all that Svalbard has to offer. Weather and ice conditions will determine the route and your Expedition Leader will keep you updated on the plan throughout your days onboard. On the final day we return to Longyearbyen to celebrate our shared adventures and dock for the night. Below is an example of what an expedition can look like.

Adventfjorden: As we leave Longyearbyen we will travel through Isfjorden and explore a side fjord before sailing north during the night.

Northwest Corner: Sail through the northwest corner of Spitsbergen and explore with Zodiacs and landings.

Explore the Pack Ice: Search for wildlife and find that perfect spot for a polar plunge!

Hinlopen Strait: The strait that separate east from west of the Svalbard archipelago offers an abundance of hikes, bird cliffs, and spectacular scenery.

Liefdefjorden: We will explore deep into the fjord of love and might reach the mighty Monaco glacier.

Kongsfjorden: Hiking, glacier cruising, wildlife watching or visiting some of the historic sites of Svalbard are all possibilities here.

Isfjorden: Explore the fjord delta throughout the day and arrive into Longyearbyen in the evening.

DAY 8: LONGYEARBYEN

Enjoy a final breakfast together as we arrive to Longyearbyen, our final destination where we bid you farewell for disembarkation.

INCLUDED:

DAY 2-9: EXPLORE THE ARCHIPELAGO

We will be in full expedition mode, exploring the archipelago and taking advantage of all that Svalbard has to offer. Weather and ice conditions will determine the route and your Expedition Leader will keep you updated on the plan throughout your days onboard. On the final day we return to Longyearbyen to celebrate our shared adventures and dock for the night. Below is an example of what an expedition can look like.

Adventfjorden: As we leave Longyearbyen we will travel through Isfjorden and explore a side fjord before sailing north during the night.

Northwest Corner: Sail through the northwest corner of Spitsbergen, named after its sharp mountain peaks, and explore with Zodiacs and landings.

Seven Islands: The northern most land mass in Svalbard which is an exciting group of islands that never disappoints. Close to the pack ice, they serve as a gateway for wildlife living in the ice.

Explore the Pack Ice: Sail towards the North Pole pack ice and search for wildlife. Depending on the ice we will explore into it or follow the ice edge and find that perfect spot for a polar plunge!

White Island: The most easterly island on Svalbard is White island. An ice cap covers most of the island and the few exposed places are home to polar bears and walrus. We hope to Zodiac cruise this amazing island that became the last resting place of the Swedish explorer Salomon August Andrée who tried to cross the North Pole in a hydrogen balloon.

Bråsvellbreen & Hinlopen Strait: Sail along the ice wall of the third largest ice cap in the world hoping to get close to the famous Bråsvellbreen with its majestic waterfalls. We continue into Hinlopen Strait that separates the west island from the North Austland. Hinlopen offers beautiful hiking and Zodiac cruising affording you endless opportunities.

Liefdefjorden: We will explore deep into the fjord of love and might reach the mighty Monaco glacier. The side fjords and small groups of islands offers a perfect stop for a hike or a Zodiac cruise that will impress even the most experienced adventurer.

Raudfjorden & Magdalenafjorden: On our way west the stunning Raudfjorden might be a good place for an outing. Beaches and glaciers make up for a perfect scenery in our continuous search for wildlife. One of the most scenic fjords is Magdalenafjorden, where walrus often inhabit in the small bays.

Kongsfjorden: Known as the Kings fjord, any visitor will soon know why. At the end the mighty Kings glacier stands, next to is the mountain peaks known as the tree crowns (Svea, Nora and Dana) considered by many as some of the most beautiful of mountain peaks. Kongs fjord offer beautiful hiking in lush terrain where we might come across reindeer, ptarmigan or the arctic fox.

Isfjorden: Explore some of Isfjordens many side fjords. A fjord delta that despite it's the closest to human civilization in Svalbard it is home to great wildlife. The warm waters of the Gulf stream make the vegetation lush and we will spend the day Zodiac cruising the glacier fronts, hike the hills that are old ocean floors known to be one of the most dense dinosaur fossil ground in the world.

DAY 10: LONGYEARBYEN

Enjoy a final breakfast together as we arrive to Longyearbyen, our final destination where we bid you farewell for disembarkation.

Terms & Conditions

1. Registration

Registration is completed when Nansen Polar Expeditions has received the deposit payment of 20% of the total cost. NOTE: All reservations are binding. The second payment of 30% have to be made more than 6 months before departure and the final payment of 50% must be made no later than 50 business days prior to the scheduled date of departure. The entire participation fee shall be paid in full within 50 business days in cases where registration is completed later than 3 months prior to the departure date.

2. Cancellation

Cancellation must be sent as email. If a cancellation is made more than 8 months prior to the scheduled participation, you will be refunded the participation fee, except the deposit. There will be no refunds made on cancellations made less than 6 months prior to departure. Be aware that if the cancellation is made less than 3 months prior to departure and final payment has not yet been made, you are still obligated to pay the remaining amount as due. Once the expedition is underway, there shall be no refunds made by Nansen Polar Expeditions AS. Prices are based upon group participation and no refunds shall be made on any segments of the program in which you do not wish to participate. No refunds are made to participants who do not complete the expedition, regardless of the reason.

3. Trip cancellation and Interruption Insurance

It is strongly advised to purchase trip cancellation and interruption insurance. This to make sure you get refunded your expedition if you have to cancel.

4. Travel insurance

Travelers must provide personal travel insurance that covers personal accidents or a medical emergency evacuation in the area you are sailing in.

5. Medical Information

Participation in an expedition with us, requires that you are in generally good health. It is essential that persons with any medical problems and related dietary restrictions make them known to us before departure. The expedition leader has on behalf of Nansen Polar Expeditions AS the right to disqualify any participant at any time during the tour if he/she feels the participant is physically incapable and/or if participant will jeopardize either the individual involved or the group. There will be no refund given under these circumstances. By forwarding of deposit, the participant clarifies that he/she does not have any mental, physical or other condition or disability that would create a hazard for him/herself or other participants.

6. Itinerary Changes and Trip Delay

Nansen Polar Expeditions reserves the right to change itinerary, or accommodations as conditions warrant. It is understood that such decisions will be made in the best interests of all passengers and with regards to safety. These are expeditions to remote parts of the world, and we reserve the right to change the itinerary due to weather conditions, airline changes, availability of anchorage, political conditions and other factors beyond our control without consulting the participants. Participants have no right to any refund or other considerations in the event of these inevitable itinerary changes. If a trip is delayed, or the itinerary changed due to bad weather, road conditions, transportation delays, government intervention, sickness or other contingency for which Nansen Polar Expeditions or its agents cannot make provision, the cost of delays or changes is not included.

7. Itinerary Cancellation

Nansen Polar Expeditions AS reserves the right to cancel or delay and change an itinerary before departure for any reason whatsoever, including logistical problems such as strikes, wars, acts of God, or any other circumstances which may make operation of the trip inadvisable. All trip payments received will be promptly refunded in such a case, and this refund will be the limit of Nansen Polar Expeditions liability. Nansen Polar Expeditions is not responsible for any expenses incurred by trip members in preparing the trip, including non-refundable or penalty-carrying airline tickets, special clothing, visa or passport fees or other trip related expenses.

8. Limitations of Liability

In case of a medical problem arising during the voyage, either on board or on shore, which results in costs for evacuation, use of aircraft or other transportation, the responsibility for payment of these costs belongs solely to the passenger. Nansen Polar Expeditions requires that passengers ensure that such eventualities are covered by travel insurance. If not covered by travel insurance the responsibility still remains with the passenger.

9. Tour Guarantee

The purchase of package tours in Norway and abroad are governed by the Norwegian Package Tour Act, which safeguards customers who have purchased package tours against loss due to bankruptcy, debt settlements or insolvency on the part of the tour organizer. The Tour Guarantee Fund refunds advance payments which a customer has paid in the event a tour is cancelled by the organizer. If a tour is interrupted while underway, the refund amount shall be equal to that portion of the advance payment for which performance of services has not been completed. Nansen Polar Expeditions AS is a member of the Tour Guarantee Fund in Norway, and more information

may be obtained by contacting the Tour Guarantee Fund at Tel: (+47) 51859940 or on www.rgf.no

10. COVID-19 Policy

We are committed to adhere to governmental regulations and recommendations to offer COVID-19 free expeditions.

Should the expedition be cancelled due to COVID-19 you will be 100% refunded. Should it be impossible to travel to Norway due to travel restrictions, or if a quarantine requirement is imposed by the Norwegian Government you will be 100% refunded or you have the option to postpone to a later stage when restrictions has been lifted.

Payment

Registration is completed when Nansen Polar Expeditions has received the deposit payment of 20% of the total cost. ***NOTE: All reservations are binding.***

The second payment of 30% have to be made more than 6 months before departure and the final payment of 50% must be made no later than 50 business days prior to the scheduled date of departure.
